Mr. David C. Novak, Chairman and CEO,

I am writing on behalf of the Confederation of Canadian Unions in order to protest the firing of the three trade union activists, Apantree Charoensak, Krit Suangaranan, and Siwaporn Somjit.

These workers have been dismissed from KFC Thailand for forming a union and attempting to engage in collective bargaining. The firing of these workers has been done in violation of international labour standards and Thai Labour law.

The Confederation of Canadian Unions calls on you to reinstate these workers and to respect the rights of freedom of association for all workers employed directly or indirectly by your organization.

Sincerely,

John Hanrahan
Vice President, Confederation of Canadian Unions
