Dear Friends,

Re: Supporting the work of Canada Without Poverty

Thank you very much for your generous contribution of \$200.00 to Canada Without Poverty (CWP). We greatly appreciate your investment in our work and your commitment for a more socially just Canada.

Your contribution to CWP will educate and engage people across the country about the realities of poverty and help us put our country's human rights obligations at the forefront of anti-poverty work. We believe in a human rights approach which places individual rights and basic needs at the core of our work. Human rights are the foundation for ending poverty and Canada is obligated to uphold these critical rights, such as the right to food, housing or an adequate standard of living.

We have made incredible strides in a short time. The newly-released Canadian Poverty Reduction Strategy and subsequent *Poverty Reduction Act* are part of the first-ever national poverty reduction plan in Canada. Now it is essential that people with a lived experience of poverty are able to be part of the implementation and development of these national anti-poverty measures.

This past October, we held our 6th Annual *Chew On This!* campaign to bring awareness to food insecurity in Canada, with over 100 groups in 65 cities and towns across the country joining the call for a rights-based, adequately-funded anti-poverty plan. And at the end of last year, the government of Canada launched its National Housing Strategy – which includes a reference to the right to housing for the first time ever.

I would be happy to provide you an update on our programming, events, and publications as the year progresses, so please feel free to get in touch with me about our work. Partnership with our friends in the labour movement is vital for the success of our work. Thank you again for your support for ending poverty in Canada.

Best Regards,

Alexandra Zannis
